OKLAHOMA MUCH EXCITED

Negroes Threaten to Use Dagger and Torch if Jim Crow Law Continues to be Enforced

Muskogee, Okla., April 1.—Presumably an outgrowth of the "Jim Crow" law recently passed by the legislature of the new state and put in force rigidly in this city, an anonymous letter was received yesterday by the New Guthrie State Tribune in which the writer asserts that Governor Haskell of Oklahoma and Bud Ledbetter, chief of police of this city, will be assassinated and the city of Guthrie will be burned by the negroes. No date was given for the culmination of the threat conveyed in the letter which evidently was written by a person of some education. Great excitement has prevailed among the negroes since the new law was put in force by Governor Haskell, who is enforcing it to the letter throughout the state, and the blacks have been holding secret meetings for several nights in this city. Chief Ledbetter has ordered every unemployed negro to leave the city and every gambling house and saloon where negroes are wont to congregate has been closed.

PRESIDENT ROOSEVELT SAYS

The answer is simple—use Ballard's Snow Liniment and the rheumatism will go; leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back and all pains. Sold by Anti-Monopoly Drug Co.

A WOMAN ELECTED

Collector of Montgomery, Mo.—Won an Office She May Not be Allowed to Hold

Montgomery, Ala., April 11.—Mrs. Gertrude Barney, a young widow, was the only candidate elected here Tuesday on the independent ticket, which was nominated by the republican and temperance element. She defeated I. T. Pittman for collector by eight votes. Mrs. Barney is the first woman to be elected to office in this part of the state. The statutes provide that the city collector must be a qualified voter. The opposition fought her on the ground that the office would be declared vacant if she won.

CUPID IS HELPING TO DIG THE CANAL

Panama, April 11.—Miss Gladys Squiers, daughter of the American minister to Panama, Herbert Squiers, was secretly married yesterday to Lieut. Harry H. Rousseau, a member of the Panama Canal Commission. The ceremony was performed by Judge Ezekiah A. Gudger, of North Carolina, who is a judge of the Canal Zone in the district of Ancon. The wedding followed attendance at a ball given by the Tivoli Club, and stirred up society, as Mr. Squiers was known to oppose it.

Stimpson, of Willimantic, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. Sold by all dealers.

JULIA MARLOWE IN THE LIMELIGHT

Boston, Mass., April 11.—Julia Marlowe, the actress, and Miss Maud Thornburn Backus, a well known Brooklyn woman, are named as co-respondents in a sensational action for divorce brought in the Essex county court in Salem yesterday afternoon by Mrs. Clara Louise Von Hermann, young and pretty and a former artists' model of Hamilton, Mass., against her husband, Karl Stephen Von Hermann, a former newspaper man and magazine writer, who is well known in many cities in the east and west.

SOUTHERN HEARTS

We meet 'neath Southern skies of blue Where men are brave and women true. Our knees we press to Southern sod, And raise our voice to Nature's God To humbly beg that he will free Our hearts from all uncharity. And that He'll teach us every one To say: "Dear Lord, thy will be done."

Twice two score years and more have passed Since our homes were swept by war's fierce blast, Which left its scar on Southern hearts. Yet time its soothing balm imparts.

While we unveil this monument To show our love, we are content To leave to time and Nature's laws The justice of the South's lost cause.

The harp's vibrations surcease brings To Southern hearts from memories' stings, When beauty's fingers brush its strings In praises for our noble dead.

Again we meet thee, stalwart braves, (Thy tattered flag triumphant waves.) Rise up, transfigured, from your graves; Rise from thy lowly bed.

We come with garlands of the bay; (Nor pine nor cypress bring today); Our homage at thy shrine to pay, O, thou who fought and bled.

For home and fireside, Southern rights, You fought, as only manhood fights; You died, yet live, our love requites You for the blood you shed.

This shaft we raise, so pure and white Symbolic of thy valor bright, Like a meteor on that stygian night When hope was fled.

When our hearts were trampled in the dust, And chivalry bowed to hate and lust; While the yoke on Southern necks was thrust, And hirelings led.

Yet Southern hearts unconquered still, Enshrines your image and ever will The love for Southern rights instill In each Southern child that's bred.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly on the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

PEACH CROP PROGRESSING

The Florida peach crop, which has come to play an important part in the cash resources of the state, is coming forward in excellent shape and will soon be moving to the markets of the north in advance of any fruit on earth. The peach price has not yet been fixed for the season, but there will be good money in it. The peach should be more widely cultivated, and then handled with skill.—Ex.

OLMSTEAD STRIKES OIL

Former Resident of Florida Secures Twenty Thousand Dollars from a Texas Railroad

G. P. Olmstead, for many years a resident of Gainesville and well known throughout the state, appears to have plucked a healthy plum, financially, as will be seen from the following from the Houston, (Tex.) Post:

"G. P. Olmstead, who claims that he was permanently injured by the collapsing of a bridge over the San Jacinto river, precipitating him into the water, while he was employed as a conductor on a work train of the Beaumont, Sour Lake and Western railway company, was awarded a judgment for \$20,000 against the railroad by a jury in the sixty-first district court a day or so ago.

"It was alleged in the petition of the plaintiff that the bridge over the San Jacinto river broke in two July 15, 1907, permitting the train upon which the plaintiff was conductor to fall to the bed of the stream. As a result of the accident Olmstead claimed that a number of his ribs were broken and pressed in; that his chest is lessened in size and his lung capacity decreased. He also claimed that he received severe blows upon his sides, back, loins, head and other portions of his body, and that the lowest vertebra of the spinal column is broken."

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by all dealers.

LIED TOO LOSELY

A Woman Perjurer in the Druce Case Sent Up for Four Years

London, April 11.—Miss Mary Robinson has been sentenced to four years' imprisonment for perjury in connection with the Druce case. She pleaded guilty and her counsel raised an insanity plea which proved futile. Miss Robinson professed to be the daughter of a wealthy Virginia planter and said she was the duke of Portland's secretary. It was proved that she is an English policeman's daughter.

Mrs. S. Jones, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of kidney trouble of several years' standing. It certainly is a grand, good medicine, and I heartily recommend it." Sold by all dealers.

RIOT AT PENSACOLA

Attempt to Break the Strike of Street Car Men Brings on a Pitched Battle

Pensacola, Fla., April 1.—The bringing of a carload of strike breakers from St. Louis yesterday afternoon by the Pensacola Electric Company was the signal for rioting and disorder, which resulted in the injuring of fifteen of the imported men.

No sooner had the strike breakers arrived and started for the cars than a fight occurred between them and sympathizers of the union men, and from the corner of Palafox and Wright streets, where the first battle occurred, there was a continued riot in which bricks, bottles and shells were hurled at the strike breakers, and in turn the latter fired shots and used heavy sticks and clubs.

For over an hour the riot continued, the strike breakers gradually getting nearer the car barns, but before they reached there fifteen had been wounded. When near the car barns so fierce was the onslaught on the body of imported men that they separated and fled, thirty running into a negro house, while the remainder reached the car barn and barricaded the doors. The thirty men who gained the negro house barricaded the doors and it took the police over an hour to disperse the mob and remove the men to places of safety.

MURDER AT MACON

Of a Good Citizen by a Negro Desperado Was Immediately Avenged

Macon, April 1.—In a shooting affray at the corner of Ash and Telfair street at 7 o'clock last night Joe Holmes, a desperate negro character, killed Joseph Wimberly, a railroad man, 35 years of age. While resisting arrest the negro was himself shot down by Cal. Officer Arthur Johnson just as he was making an attempt to fire on the policeman.

The negro used a double barreled shotgun and killed Wimberly outright while the man was attempting to assist in arresting the negro.

Holmes was wanted by the police on a charge of disorderly conduct. The officers were after him when he opened fire. Patrol Officer A. L. Rogers and Call Officer Johnson put up a desperate fight with him. A shot from Johnson's revolver brought the negro to the ground, and he was taken up and carried to the hospital in a dying condition. He cannot live. An infuriated crowd of citizens made a hurried effort to get hold of the negro, but the officers got away too quickly with their man. Wimberly's body, literally filled with shot from the negro's gun, was taken to an undertaking establishment and prepared for burial.
